Outline

- 1 Introduction
- 2 Content
- 3 References

Introductory text.

Definitions, Theorems, Corollaries and Examples

Definition 2.1.1

Here we have a new definition.

Theorem 2.1.2

Here we have a new theorem.

Example 2.1.3

Here we have a new example.

Corollary 2.1.4

Here we have a new corollary.

Real Analysis book [1]

Example of an itemized list:

- First element
- Second element

Example of an enumerated list:

- ① First element
- ② Second element

The Table shows a sample table.

Table 1: Example Table

Person	Age	Weight	Height
Marcos	26	68	178
Ivone	22	57	162
Sueli	40	65	153
